MUSEUM AND HISTORICAL PARK “ISLAND OF FORTS”

The park is intended to become a place of interesting and useful recreation for residents of Kronstadt and guests of the city. It provides expanded opportunities for recreation and entertainment, thematic platforms with information about the history of the Russian Navy.

The Alley of Heroes of the Russian Fleet is the central semantic axis of the museum and historical park. Presented in the format “roads of time”. Over 150 meters of the Alley, the major themes from the three—hundred-year history of the Russian navy are revealed through artistic techniques through personalities — outstanding naval figures of Russia.

- The Museum and Historical Park “Island of Forts” is an object of the social complex of the new historical and cultural cluster of Kronstadt.
